Ease of Use

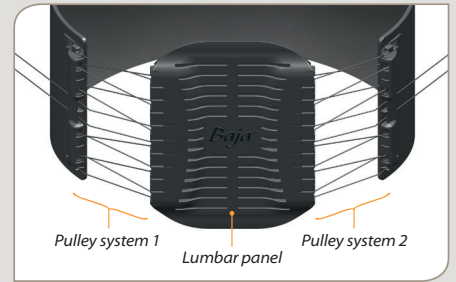

- **Bilateral cinching**
Bilateral cinching mechanism doubles the compression provided with equal force
- **Mechanically-advantaged pulleys**
Pulleys have turning wheels which reduces the force needed to apply compression
- **Ergonomic hand pulls**
Substantial hand pulls are easy to pull, even for arthritic patients
- **Easy-release Velcro**
Advanced Velcro provides firm grip and easy release
- **Removable lateral panels**
Baja 637 steps down to allow more mobility during recovery
