

900 SERIES

LED CONSOLE PRODUCTS

The new 900 series of Spirit Fitness equipment is crafted with features to enhance the user's experience while standing up to the rigors of the health club. Quick adjustments, easy-to-read consoles, and intuitive functions make start-up and operation simple. Features like cooling fans, optimized movement patterns and ergonomic touch points create a comfortable and effective workout. Manufactured in our company-owned, ISO-certified factory with solid construction, you can rest assured your Spirit Fitness equipment will stand the test of time.
